21) During the present reconstitution of the Chickballapur Town Mul el, only one Muslim by name Mr Abdul Khudus has been returned by election but certain muslims of Chickballapur Town made representations praying that one more muslim may be nominated to the local Mul el, considering the strength of their population in the Town, as was being done during previous constitutions of the Mul el

22) Information from the D C Kolar Al- was called for as to the total Muslim population of the Town and the proportion it bears to the entire population of the place

23) The report received from the D C shows that, as per latest census, the total ~~population~~ population of the Town is 14,989 of which the muslims number 2669/- about 1/6 of the total populace

24) In this connection, the D C furnishes his opinion to the effect that the representation of the muslims appears to me, to be rather late, as the strength of the council will have to be increased during the existing constitution, in case it is viewed favorably" he adds

That he entered in the recent elections to the Town Municipal council and for the reasons well known he was not successful

The population of vokkaligar in Chikballapur is about 1500 Only one vokkaligar candidate has been successful in the election, where as two brahmins, two lingayats and one Muslim has been elected Compared to the representation obtained by the other communities on the population basis, the representation secured by the vokkaligars on the council is very inadequate

He has a desire to serve on the Municipal Council and hope to discharge his duties, if nominated to the council to the best of his abilities

Hence I request you to kindly recommend my name for being nominated to the Town Municipal Council, Chikballapur

Thanking you

Yours most obediently,

President

That this meeting of Muslims of Chickballapur under the Chairmanship of Mr P Abdul Gaffar, assembled at the Jamia Musjid on ✱ 3/1/44/expresses feelings of its deep regret that in the reconstitution of the Town Municipal Council of Chickballapur, the convention established for many years past of nominating at least two muslim members to the Municipal Council has not been observed this time and that this abrupt change in the policy of the Government in ignoring the claims of the community is exercising the minds of the muslims very acutely, although memorials were submitted to the Government and representations were made to the Minister of Local Self-Government in this matter before hand and that at present the one seat secured by the Muslim Community by means of general election is totally inadequate to safeguard its interest

II This meeting resolves that the Government be now requested to remedy this defect by sanctioning one extra member to the council and nominating a muslim to that seat in consideration of the fact that the muslims form one-fifth of the total population of Chickballapur and that on the population basis alone, the muslims are entitled to not less than three seats

Subject - Muslim Population of Chickballapur Town

Sir

With reference to your letter No L 7557/M 1 46/43/16 dated the 25th January 1944 requesting information as to the total muslim population of the town, etc I have the honour to state that as per the latest Census of 1941 the population of the town is 14389 of whom the Muslims number about 1/6th being 2669 The strength of the Municipal Council is 13 excluding the ex Officio members 15 seats are filled by election and 3 by nomination In the recent general Election one Muslim candidate was successful and the nominations have also been made in accordance with Rules The representation of the Muslims appears to me to be rather late as the strength of the council will have to be increased during the existing constitution in case it is viewed favourably

I have the honour to be,
Sir
